

# **Sejahtera Fellowship**

## **Fellowship to promote Asia Pacific RCEs network**

RCE Tongyeong will launch the 3rd fellowship program for researchers from Asia-Pacific RCEs. Every year, one researcher is invited to stay at the Tongyeong Sejahtera center for a duration of 3~5 months and conduct research of his/her interest to produce a research report.

Applications for the 2017 Sejahtera Fellowship will open March 2017 for the research term of Apr ~ Nov 2017, offered for a member of the Asia Pacific RCEs. RCE Tongyeong hopes to contribute to creating a new global learning space for ESD through this Fellowship program.

### **▪ Research Theme**

- Comparative research on education for sustainable development

### **▪ Objective**

- 1) To develop a “Sejahtera Project” discussed among Asia Pacific RCEs to search for an Asian approach for ESD.
- 2) To strengthen the regional network
- 3) To create a new global learning space for ESD
- 4) To help implement the Sustainable development SDGs

### **▪ Who can apply**

- Researchers in a research area related to ‘sustainable development’, with a recommendation from an RCE member of Asia Pacific RCEs

### **▪ How to apply**

- 1) Submission period: 15<sup>th</sup> March. 2017. ~ 15<sup>th</sup> April. 2017.
- 2) Compulsory documents
  - The Sejahtera Fellowship application form(download the form from our website-  
<http://ecopark.rce.or.kr/> or <http://www.rce.or.kr/english/>)
  - A letter of self-introduction
  - A letter of recommendation (Two kinds: Superior or Adviser)
  - Research proposal
  - Research achievements
  - Certificate with final academic background
  - A copy of passport and identification
- 3) Send the compulsory documents through email ([tyrce.yjyun@gmail.com](mailto:tyrce.yjyun@gmail.com))

## ▪ Applicant Requirement

- 1) Non-Korean nationality / Non-permanent residency of Korea
- 2) Those who have research experiences in their RCE.
- 3) Academic background
  - Ph.D., or A candidate for Ph.D. (Complete course work)
- 4) Continually stay in Tongyeong during the Fellowship (cannot leave Tongyeong more than two weeks)
- 5) Korean or English ability good enough for research in Tongyeong
- 6) Fellows cannot have a regular job during Fellowship.

## ▪ Support

- 1) Research Fund: 700,000,000KRW per month (up to 3 months)

2) Living Expenses: 300,000KRW per month (up to 3 months)

▲ RCE Tongyeong will support research fund & living expenses up to 3 months and will provide free accommodation at the Sejahtera Center for up to 5 months

3) Air-Ticket

- One round-ticket for the fellow (Economic Class)

### ▪ **Proposal Evaluation**

1) Theme of the research proposal can be developed for the Sejahtera project

2) Comparative study on ESD between Tongyeong and Researcher's RCE

### ▪ **How to receive support**

1) Air-Ticket: Within 10 days after entrance

2) Research fund: Monthly payment on an account

### ▪ **Project Result**

1) One report before the end of the fellowship.

## Documents to be submitted for 2017 Sejahtera Fellowship Program

No.	Documents	Guidelines
1	Cover of Application (Form 1)	○ Use the form provided
2	Introduction of Applicant (Form 2)	○ Use the form provided
3	Research Proposal (Form 3)	○ Use the form provided
4	Research Achievements (Form 4)	○ Use the form provided ※ supporting documents must be submitted through the Email
5	Expected Outcome (Form 5)	○ Use the form provided

※ Go to <http://ecopark.rce.or.kr/> or <http://www.rce.or.kr/english/> for download application form.

### ※ Additional documents to be submitted

- **For Applicant:** Academic transcript (Undergraduate)
- **For Endorsements:** Letters of Recommendation

【Form 1】

Proposal for 2017 Sejahtera Fellowship Program						
						Form 1
Name of Program	Sejahtera Fellowship					
Project Title						
Project Summary						
Applicant	Degree Program		Department		Major	
	Date of Birth (YYYYMMDD)		Cellphone Number			
Start Day	2017.					
<p>I am hereby aware that this proposal is submitted for consideration for inclusion in the Sejahtera Fellowship Program. I will faithfully observe and conduct research in accordance with the applicable laws, rules, regulations and contracts. To the best of my information, I hereby attest that this information is true and accurate, and understand that any falsification, omission, or concealment of material fact may subject me to administrative liability.</p>						
						Date Month /Year
 <p>재단법인 통영시지속가능발전교육재단 Tongyeong Education Foundation for Sustainable Development</p>						

**【Form 2】**

**Introduction of Applicant**

*※ Instructions*(delete instructions after completion)

- *Subtitle: 13 points, Main contents: 11 points. Line spacing can be adjusted according to preference*
- *Including Personal Background, Purpose going on the doctor's course, Reason for applying for fellowship(wihtin 3 page)*

【Form 3】

# Research Proposal

## 1. Research Proposal

※ *Instructions* (delete instructions after completion)

- *Subtitle: 13 points, Main contents: 11 points. Line spacing can be adjusted according to preference*
- *Write in detail your research proposal, including research title, objectives, plan, expected impact, etc. (within 4 pages)*

<Example : Research proposal contents>

- ◇ Independent research projects:
  - \* Research activities for paper publication, project for on-the-spot problem-solving
  - \* Conduction of research by using domestic research equipment
- ◇ Sharing personal capability: Presentation in the Conference/seminar

【Form 4】

## Major Research Achievements

### 1. Major research achievements

□ Achievements:

○ Summary

※ *Instructions*(delete instructions after completion)

- *Subtitle: 13 points, Main contents: 11 points. Line spacing can be adjusted according to preference*
- *Describe up to 3 major research achievements*
- . *Use any format you may find appropriate to provide information on your major research achievements, including contents summary, applicant's role and importance, etc.*
- (example: provide bibliography, primary contents and summary of paper, whether the applicant was the lead author or not, academic importance of the journal (relevant SCI and impact factor, etc), awards received for the research paper, etc.)*
- . *Summary must be within 1 page per research achievement*

No	Classification (Research Paper / Patent)	Title	Journal Name/ Foreign or Domestic Patent	Role	Remarks · country (in case of foreign patent) · patent application/registration
1					
2					
3					

## 2. Other research achievements

※ *Instructions*(delete instructions after completion)

- Describe within five research achievements in the order of importance.

No	Classification (Research Paper / Patent)	Title	Journal Name/ Foreign or Domestic Patent	Role	Remarks · country (in case of foreign patent) · patent application/registration
1					
2					
3					
4					
5					

### <Attachment> Supporting Documents

※ *Instructions*(delete instructions after completion)

- Provide supporting documents for major and other research achievements in the order stated above

- Supporting documents must be provided for major research achievements

*Example: Submission of a copy of a research paper (including a copy of the cover and table of contents of the academic journal or collection of dissertation the paper was published in. If it is an approved paper, provide an approval letter or a document that verifies its acceptance for publication)*

- Supporting documents must also be provided for other research achievements. However, if there are no supporting documents due to the nature of the research activity, explain the reason in the remark column. (If the reasons are considered unacceptable, they will not be taken into consideration.)

## □ Guidelines for Form 4 (Major Research Achievements)

### ○ Major research achievements

- List ~~up to three~~ major research achievements during the course of undergraduate and graduate studies. Provide a brief summary of the achievements, role of the applicant and the importance of the accomplishments.

<Examples of major achievements>

: Papers or research outcomes reports published or accepted during the course of undergraduate and graduate studies (excluding thesis/dissertation).

: Research papers published or accepted in domestic and international journals, including journals for middle and high school students. Research outcomes reports (papers) and inquiry reports submitted to science and technology associations.

: Papers or inquiry reports awarded at research paper contests of national scale

: Registration or submission of patents in Researcher's country and abroad. Name the country if the patent was registered or submitted abroad.

*※ Supporting documents for major research achievements must be provided for it to be recognized.*

### ○ Order of description

- List 3 major achievements in the order of importance.

【Form 5】

## Expected Research Outcomes

### 1. Expected Research Outcomes

*※ Instructions*(delete instructions after completion)

Check V for the type of Outcomes, and explain it briefly.
