

RCE Kuching – “Thematic Virtual Exhibition”

RCE Kuching working group 4 with its core focus on supporting the achievement of the Sustainable Development Goal **(SDG) 11: Sustainable cities and communities by 2030**, took the initiative to support the Regional Centre of Expertise (RCE) objective, of educating the local communities and all level of public sectors, government bodies and institutions on Sustainable Goal by innovatively creating a one-stop online platform, with the fingertip of a click named, **“Regional Centre of Expertise (RCE) Thematic Virtual Exhibition”** aim to raise knowledge, awareness, and action on the key related SDGs through Education for Sustainable Development (ESD) as the main framework in its educational programs, research development, and outreach and engagement efforts. The project is championed by a team of the UCSI University Kuching Youth Ambassador together with RCE Fellows (UCSI University staff) and RCE Secretariat aiming to educate and promote the 17 Sustainable Development Goals that highlight UCSI University as the host for RCE Kuching to educate Sustainable Development.

In the project, are videos on speeches by RCE Kuching Chairperson on RCE & ESD & by RCE Greater Kuala Lumpur Chairperson on SDG. Also, a gallery on RCE Kuching activities/events by UCSI University Students, staff, and the RCE stakeholders (organization bodies as the partners), also supported by the contributions from UCSI Group SDG Secretariat office, websites on RCE Kuching, UCSI SDG, and UN SDG in tackling the unprecedented challenges socially, economically, and environmentally within the urban and rural communities. The quiz is provided too on the platform to challenge the viewers on their understanding and knowledge of SDG. An e-certificate is provided for their response. We welcome feedback on our improvement and evaluation of the project.

Hence, featuring sustainable communities embody sustainability in almost every aspect and place, where people are safe and live a high quality of life and opportunity for inclusive living.

SDG 11: Make cities and human settlements inclusive, safe, resilient, and sustainable

SDG 11 aims to renew and plan cities and other human settlements in a way that offers opportunities for all, with access to basic services, energy, housing, transportation, and green public spaces, while reducing resource use and environmental impact.

Regional Centre of Expertise (RCE) Kuching was launched on Dec. 5, 2018 by the Chief Minister of Sarawak, YAB Datuk Patinggi Tan Sri Abang Abdul Rahman Zohari Abang Openg at UCSI University Sarawak Campus. UCSI is the first and only private university to be recognized as a Regional Centre of Expertise in Malaysia and acknowledged by the United Nations University Institute for the Advanced Study (UNU-IAS) of Sustainability Tokyo, Japan.

RCE is a regional network of existing institutions and individuals, committed to using education and learning as tools for building a sustainable future.

Calling forth, **“Let us together accelerate development efforts towards the vision 2030, without leaving anyone behind”** as our way forward to see a sustainable future.
