

2022 Global ESD Youth Project Neuru

I Operation overview

Description and Aim: A collaborative project that utilizes the 'photo-voice' research method to foster ecological literacy and glocal leadership of domestic and foreign youth.

※ Neuru: It is a pure Korean word for 'a long time, not rushing all at once', and it has the meaning of aiming for a long-lasting sustainable development life for youth.

※ Photo-voice: This is a field-participatory research method that promotes change in the local community by revealing one's voice and experience through photography.

The 2022 Project Neuru Season II Operation Plan

- Main topic: **Sustainable Fashion**
- Period: **May ~ December 2022 (Once a month, Saturday)**
- Method: **Zoom based photo-voice research**
- Target audience: Youth from domestic and foreign RCE cities and youth interested in ESD
- Operational composition
 - Elementary school students (**5 sessions**)
 - Middle school (Junior high school), High school and College student (**8 session with completion ceremony**)
- Language: English

The 2022 Project Neuru Season II Outcomes

- Participants will:
 - Understand sustainable fashion and actively participate in the activities of each sub-topic to understand the value of good consumption for the global environment.
 - Participants actively participate in fashion and ethical consumption by designing and making 'sustainable fashion' themselves.
 - Make a network with other participants from different countries or RCE cities and with diverse backgrounds through discussion and preparation for the presentations.

Linking to the Sustainable Development Goals (SDGs)

		<p>SDG9: Building resilient infrastructure, promoting inclusive and sustainable industrialization and promoting innovation</p> <p>SDG12: Ensuring sustainable consumption and production patterns</p>
