### MON., MAR. 15, 2021

#### 4th Annual EQUINOX SYMPOSIUM | Sustainable Development Goals

10:00 AM - 3:00 PM | VIRTUAL

**Sponsored by:** KSU Department of Architecture, Division of Global Affairs, Office of Research

The Greater Atlanta Regional Centre of Expertise on Education for Sustainable Development (MELC)

2021 Symposium Theme: Goal 3 Good Health & Well-being + Goal 13. Climate Action

The annual EQUINOX Symposium is focused on the 17 interconnected Sustainable Development Goals to catalyze interdisciplinary partnership and scholarship on sustainability. A multi-sponsored platform with invited international, regional, and local speakers, the initiative was among one of the first symposiums in the region dedicated to the UN SDGs.
### TUES., MAR. 16.

| VIRTUAL   | Bearing Witness  
Sponsored: The Bernard A. Zuckerman Museum of Art (ZMA)  
Speakers:  
JD Talasek | Director of Cultural Programs of the National Academy of Sciences, Washington DC  
Diane Burko | Research-based Artist  
Moderators:  
Cynthia Nourse Thompson | Director of Curatorial Affairs, ZMA & Associate Professor of Art  
Elizabeth Thomas | Education & Outreach Coordinator, ZMA |

Diane Burko, a research-based artist whose practice is grounded in the intersecting arenas of art, science, the environment, and climate action, will discuss her collaborations and investigations with scientists. Additionally, she will explain how these engagements augment her ongoing study of the natural world, climate change and the urgency of environmental issues as presented through her artwork and paintings. Burko often participates in symposia with the academic and scientific community to create a bridge between art and science. As such, noted curator and scholar JD Talasek will discuss his work as a curator and director of cultural programs at the National Academy of Sciences, both of which explore the intersections between science, medicine, technology, and visual culture. During these presentations, Burko and Talasek will also engage in a lively conversation regarding these topics and issues.

| 10:00 AM - 2:30 PM | **EQUINOX | Sustainability Career Pathways**  
Career Exploration Day  
Sponsored by: Department of Career Planning and Development |

This is an opportunity to discover the different paths students can take within different fields, and to meet a variety of companies that involve work in diverse areas. Our employer representatives will be informing students about their organizations and different types of employment opportunities available. We will also include an interactive Q&A.

| 3:00 - 3:25 PM | **EQUINOX | Exhibit**  
KSU_Mini Pavilion  
Presenter: Michael Carroll, CO-PT 1, Design Lead, Associate Professor of Architecture Architecture |

This is a virtual exhibition tour of KSU Mini-Pavilion designed by Prof. Carroll. The Pavilion represents KSU at the Cobb County Safety Village with two mandates: first, providing virtual and augmented reality experiences that will engage elementary school kids on issues of everyday safety; second, creating a community-based research facility that in the coming years will become a destination for faculty and students to conduct research centered on building performance.

**EQUINOX | CARE**

**CARE Pantry Pop Up**

Sponsored by KSU CARE Services [in partnership with Goodr, Inc.]

Kennesaw Campus | Location: Lower-Level Terrace behind Caruthers Student Center

NOTE: The event will be on Facebook LIVE at 11AM to share more information.

The KSU CARE provides access to food, temporary housing, and other supportive services to foster students’ realization of a healthy, stable, and dignified life academically and professionally. Furthermore, to serve as a model of professional excellence and effectiveness by upholding core values of social justice, equity, economic sustainability, and mutual partnership. In this event, the KSU CARES Team is hosting a pop-up pantry on the Kennesaw campus, with fresh food provided in partnership with Goodr, Inc.

Organizers: Mandi Gilis | AmeriCorps VISTA; Sarah Bergin | AmeriCorps VISTA; Ryan Luna | Student Assistant

**EQUINOX | Urban Media Institute**

**Urban Media Fest: Women and Sustainability**

Sponsored by: Urban Media Institute, MENA Forum, Iranian Studies Initiative, Global Media Fest, Serve Learn Sustain (SLS), AGSC

Organizer: Ayda Melika, Ph.D., Visiting Assistant Professor, Georgia Institute of Technology

Panel discussion on Documentary Mother of the Earth -- Director Mahnaz Afzali takes a brief look at Hayedeh Shirzadi's life, love and hard work to put an end to the dumping and burial of urban garbage. Due to her perseverance and ingenuity, 100% of the city of Kermanshah's garbage is now recycled and the bio waste is made into organic fertilizers. She also traveled around Iran and helped establish recycling centers in many cities.

**1:15 PM - 1:30 PM**

**EQUINOX | Atlanta Global Studies Center [AGSC]**

Sponsored by AGSC

**SDGs as the Roadmap for Peace and Prosperity for All: Atlanta Peace Education Project**

Speaker: A. Selçem Özkhan, PhD | Associate Director, The Atlanta Global Studies Center

AGSC is leading an initiative to create a metropolitan peace education project. The goal is to create a peace studies ecosystem in Atlanta that spans schools and disciplines such as engineering, health sciences, and humanities, and social sciences. That’s because peace isn’t just about the absence of violence and understanding what causes that violence. It’s also about finding ways to promote health, access to food, water, and education, a clean environment, justice, and more.

SDGs provide the roadmap for the project. The effort is undertaken in partnership with the Atlanta Peace Initiative (API), a non-profit group of civic and business leaders seeking to bring the World Summit of Nobel Peace Laureates to Atlanta every three years and launch the Americas office of the Secretariat of the World Summit in Atlanta. The vision of API is for Atlanta to be the North American home for peace.
