

# Oriana Silva

## *RCE Americas Youth Coordinator*

Chemist BA & French BA from UNT

President and founder of *The Sustainable Age -  
Student Journal*

**RCE North Texas**

# About me

- I am Venezuelan-American
- I have been working with the RCE North Texas since 2020
- I worked as Sustainability Intern at Dallas College
- I am currently a Lab Technician at University of North Texas.
- Research experience: Stable Isotope Analysis in Freshwater Ecosystems (Chemical Ecology), and Protein-Protein Stabilizing Interactions (Computational Chemistry).

# Achievements

- Expand the TSA network from North Texas to worldwide youth involvement and publish more than 30 articles.
- Establishing an environment to promote cross-collaboration between youth and professionals, and youth from different backgrounds.
- Quaternarily Americas Youth Meetings

# Mission

- Promote a more inclusive and equitable RCE Youth network where everyone's voice is heard, and everyone's ideas can be supported by professionals in sustainability.

# Thank you!
