

RCE Global Webinar

‘Achieving the Sustainable Development Goals: action through learning in a time of global crises’

08.00 – 10.00 GMT on Thursday, 4th February 2021

In Autumn 2021, both COP26 and the 12th RCE Global Conference are coming to Scotland.

In advance of this, the Global RCE Service Centre and RCE Scotland are delighted to invite you to the first of two pre-Conference webinars on Thursday, February 4th, 2021.

Together, we’ll build on and further strengthen our Global RCE Network: collectively sharing, exploring, exemplifying and enabling the translation of our knowledge, skills and values into tangible, real-life activity that will help to build the capacity to bring about, embed and sustain the changes required in the global transition to a better world.

Please read on to find out more.

We look forward to seeing you at 08.00 GMT on Thursday, 4th February.

Overview

1. Why are we holding this webinar?

This webinar will:

- Act as the first of two ‘bridge’ events (the second to be held in June 2021) between the 2020 RCE Regional Meetings and the RCE Global Conference in Autumn 2021; with the purpose of enabling and sustaining collaborative conversations across the RCE Network
- Have a particular focus around the new [UNESCO ESD Roadmap](#) and its role in supporting the concept of ‘action through learning in a time of global crises’ to progress action on the SDGs
- Offer opportunities for delegates to find out about the latest activity in other RCE Regions & hear an update from the Global RCE Service Centre
- Showcase initial ideas for the next RCE Global Webinar and the 12th RCE Global Conference
- Offer delegates an opportunity to submit their ideas for the content of the next RCE Global Webinar and the 12th RCE Global Conference
- Offer a new mechanism for delegates to connect and share with one another on an ongoing basis.
