

RCE Dublin

Main contact person: Dr Manuel Fernández López, contact:

manuel.fernandezlopez@dcu.ie (Correspondence)

Website: <https://rcedublin.ie/>

Governance structure and main partners:

RCE Dublin is coordinated by Dublin City University (DCU). The director is Prof. Charlotte Holland and the Co-director is Dr Manuel Fernández López. The centre is based within the DCU Institute of Education.

Partners: Educate Together, Dublin City Council, Fighting Words, Educate together, Eco-UNESCO and Just Forests.

Current projects:

Futures thinking for Sustainable Development in teacher educators (Starting in September 2024).

Green career counselling with nature in mind (2003-2024).

All partners involved in the process of developing various initiatives.

Expertise/what are you proud of:

RCE Dublin has a record of projects that have covered a broad range of SDGs.

There is a broad scope in the partners that form RCE Dublin and there is potential for other partners to join.

RCE Dublin enables citizens to learn how to live more sustainably, and through partnerships with public bodies, industry, NGOs and civil society, *RCE Dublin* implements creative educational initiatives on sustainability, and engages in research on educating for sustainability here in Ireland and across the globe. *RCE Dublin* specifically supports the transition towards sustainable futures.

Ambitions/Fields of interest for cooperation

Connect the strategy of RCE Dublin in Education for Sustainable Development with the main challenges to advance towards a Sustainable future in society attending the main issues inherent in the current risks at present in a medium and long-term future.
